<b><i>Speaker (1)</i></b>
<b>Professor Andrew W Wong</b> , MBA, CFIFireE (Life), ASSE Emeritus, CFEI, CFII Program Technical Advisor of the Fire Safety Management Program
<b>Topic</b>
The Rise of Global Fire Safety Planning Leadership – The Answer to Ultimate Fire Prevention Effectiveness
<b>Contents</b>
This presentation highlights the need to confront deficiencies of fire safety legislation world-wide. Only the true professionals will have the insight to advise the government of the needed changes in order to bring about the ultimate effectiveness of fire prevention and the fire and life safety of its citizens.
<b>Biography</b>
Professor Andrew Wong has over 42 years of professional fire service experience in Hong Kong and in Canada. He has been Senior Divisional Officer in Hong Kong and Executive Officer/Fire Protection Specialist of the City of Vaughan Fire and Rescue Service in Ontario, Canada. Andrew was a Professor of the Toronto-based Seneca College of Applied Arts and Technology for over 17 years. He was instrumental in teaching Fire Safety Planning in Canada. His Canada-based consulting company is

specialized in preparing site-specific fire safety plans for various occupancies and training of staff in the implementation of the fire safety plans.

Andrew is the first Life-time Companion Fellow of the Institution of Fire Engineers, he is also a Professional Member Emeritus of the American Society of Safety Engineers. Andrew is a Registered Designer (Fire Protection) with the Ontario Ministry of Municipal Affairs and Housing, and a Certified Fire Prevention Officer with the Ontario Ministry of Community Safety and Correctional Services.

**Speaker (2)**

**Mr Lo Kwok Chiu**

**Topic**

Project Sharing –Fire Safety Management Report for Kwai Shing West Estate in Kwai Chung Region

**Contents**

Fire incidents must be promptly handled and positively with every effort to prevent them from developing into adverse situation. It is paramount importance for all people to alert on fire prevention at all times. An intelligence mechanism should be adopted as a regular arrangement to manage Estate blocks and the message of fire safety as well as its prevention should be widely publicized.

**Biography**

Mr. LO has about 30 years working experience in the construction field. He gained solid practical knowledge in the Maintenance Work both in residential and factory-like buildings for the last decade. He had been involved in the preparation of Fire Safety Handbook proposal with the Estate Management Office after the completion of Estate Revitalization Work in region.

**Speaker (3)**
